HI folks - finished this track about a week ago - needed a transistion from 128bpm to my normal dubstep realm of 140. Any feedback on this track would be awesome.

http://soundcloud.com/whiteeyes/jehuty-drumstep-vip

And also... for shits and giggles I've started a VIP remix of it into drumstep/DnB - goes pretty hard! Still in early stages yet - but again, any form of feedback would be sweeeeeeeeet.

Cheers!
Dan
