

[Free Tune Friday] Axoim 'We Are Analogue'

Posted by ben and lex - 2008/02/29 02:19

Proper crate digging on this one. A collaboration between me and Lex and tech house extraordinaire 'Lewis Hopkin' (Aquaculture, Ortus, Airgap).

Epic progressive breaks in a kinda Zabiela, Hybrid esq way.

Axoim 'We Are Analogue' (link in the blog)

I have a feeling this is possibly the first tune me and Lex worked on. Skilz :D
