To clarify - you are looking for new productions, not mixes, correct? Slap me if you need to, I'm a newb.

Well as part of Sinister Works and the Allied Rukus, I'm happy to let you know we have two tracks we've finished and two more we are working on. Do we have to AIM them to you, or could we use something like yousendit.com. Or... if you just wanted to listen, you could check out [www.myspace.com/sinisterworksinc](http://www.myspace.com/sinisterworksinc) or [www.myspace.com/nuskoolalterity](http://www.myspace.com/nuskoolalterity) to get a preview.
