DJs

POok

Inspired by the beats of many a dark dancefloor, POok "the man wiv big hands" has a style that grew roots in the underground Bristol and Welsh free party scenes. With 17 years experience his craft has been publicly mastered at some impressive events and venues across the South of England.

Trained as a butcher and later as a chef, he gained dexterity for slicing, dicing and chopping...but we're not talking cutting sheep into cutlets here, we're talking breaks, filthy beats, techno and dubstep. Over the years the dancefloors have been moved with precision and the passion of a seasoned hedonist, twisting them into a throbbing mass of limb-jerking ass-shakers at the likes of Turnmills, The Gardenin Club, Orbital Bar, The Egg, SE1, The Volks, Concorde2 and the Hope. Now on the roster for Archangelbreaks playing at events like Synergy, We Love and Waveform he's also a regular with the Slackers Convention in Brighton.

If you have ever listened to one of his Brap FM shows I'm sure you will have enjoyed his charismatic random wit and banter. For the past two years POok has listeners tuning in worldwide for their weekly Wednesday night fix of breaks on the BeatrouteSessions. With a dedicated fanbase that trust his taste and skills in serving up the new, the old and well-loved tracks in between, the show was shortlisted for an award once again at Breakspoll 2010. Now playing for Freebass in Brighton alongside James D'Ley and Loop De Ville, the Noise nights in London and crossing the bridge to play for Tantrum in Wales, you can expect to be shaking your arse to some filthy POoKed-up beats.

### DJ Cursa

Bournemouth based hip hop DJ, with a background of mixtapes and crowd pleasing gigs. He spent four years as one of the Consortium Bar residents, hosting Friday/Saturday nights with Jabba Tha Kut and Jason King (of Buba King).

Supported acts including Peanut Butter Wolf, DJ Yoda, DJ Format, The Nextmen, Andrea Parker, Fingathing, Tom Middleton, Treva Whatever and the Herbaliser.

Warming the night up with an eclectic mix of hip hop, funk, old school and rock. And expect it to be MIXED!

### Bubaking

The breakbeat equivalent of little & large have not looked back with infamous Mix CDs, Radio 1 Mini mix for Annie Mac, Burgers & Beats Radio Show on Brap FM and Nu Breaks, Cheeky Booties and a string of festival appearances. Buba started playing in the Big Beat and Speed Garage days of 1996, his style fuses Hip House & Breakbeats with a cheeky old skool twist! As well as hosting his own shows on Bournemouths K1-FM, he is a regular fav on the south coast circuit spinning breaks & beats along side classic dance tracks.

Eclectic is perhaps the wrong word to describe Jason's DJ style, he grew up on blockparty and daisy age Hip Hop, James Brown and Big Beat. His sets are a mash up of Hip Hop, Funk, Breakbeat with retro soundtracks and DnB. His 4yr + Residency at The Consortium (Bournemouth) was testament and secured his infamous reputation! Self-confessing to owning one of the best and worst record collections of many. King, already choice resident for Rogue Beats introduced Buba into the frame, a Mix tape and swift handshake saw him too enlisted on the roster. Predominantly rocking the crowds in their own unique styles, one alcohol-fuelled night led the two to join arms. Having never practiced together, working 4 decks and 2 cd players across 2 mixers proved no problem, there was an instant click and BubaKing was born!!!

Djing alongside high profile acts including Freddy Fresh, Coldcut, Freq Nasty, Stanton Warriors and the Plump DJs to name a few. The duo have built up an infamous reputation (and fanbase) tearing the house down throughout London, Brighton, Southampton, Bristol and their Bournemouth Hometown.

Mishima now presents the Bad Bunny Beats radio show on Brap FM, where he plays big bad breakbeat and a whole bundle of bad bunny bootlegs, every other Wednesday 6-8pm. He will try not crush you with his powerful claws.

You can catch him on the circuit playing specific genre sets or complete genre mash ups depending on the night. He can also be found bi-weekly on Thursdays 8-10pm presenting The Crazy Beatz Show on Brap FM spinning a range of Breaks with hints of Fidget, Electro Bass, UK Garage and Dubstep.
